### KESHE FOUNDATION PRESENTATION & DEMONSTRATION OF FREE OR CHEAP ENERGY DEVICES

**WHEN:** Wednesday, August 17, 2016. Come at 6:00pm for dinner with the speaker or at 7:00pm for the presentation & demo and/or 6:30PM EDT (12:30am CEST) ZOOM public ID: 939474503 or Livestream and/or YouTube live broadcasts

**WHERE:** National Press Club, McClendon Room, 529 14th Street NW, 13th Floor, Washington, D.C. 20045. Free parking after 5PM with National Press Club dinner validation of your parking receipt at the PMI Garage on G Street (between 13th & 14th)

**WHO:** Armen Guloyan of the Keshe Foundation and the Spaceship Institute. Other Keshe representatives will also be present.

**WHAT:** Attendees will see and hear a Keshe Foundation presentation & demonstration of a Tesla-type, fuel-less, stand-alone generator that generates electricity for an average-sized home -- with no connection to an electrical outlet, no batteries, no oil, no gas, no coal, no nuclear, no solar and no hydroelectric. The Keshe Foundation intends to replace oil, gas, coal, solar, hydro & nuclear for the generation of electricity, for powering moving vehicles and for flight. Other applications are also forthcoming (including healthcare, desalinization & agriculture), as per the Keshe Foundation.
